

Bulletin #: 13-GB-085

Date: 01/10/14

**To:** All Konica Minolta DIS Dealer Partners  
**From:** Marketing and Product Development  
**Subject:** SL-1000 Digital Film Scanner Discontinuation

---

Konica Minolta would like to advise our DIS Dealer Partners that the SL1000 Digital Film Scanner will be discontinued from our product catalog effective February 1, 2014. Current inventory for the SL1000 is limited and will be available on a first-come, first-served basis. Please contact Scott Berliner for current inventory status and product availability.

Accessories and parts for the SL1000 will be available through January 2021. Konica Minolta will also continue to provide service support throughout this period.

A replacement for the SL1000 Digital Film Scanner will be announced in the near future, featuring exciting enhancements including increased functionality, greater productivity, and a richer feature set, enabling you to better meet today's customer demands.

Upon official release of this new and exciting introduction, product specifications, training, marketing, and support information will be made available.

The MS6000MKII and MS7000MKII Microfilm Scanners, PS5000CMKII, and ScanDIVA Publication Scanners and DR1600MKII Microfilm Camera will continue to be available to round out Konica Minolta's exciting document imaging product line-up.

Good luck and good selling.
